This board will have authority to place the valuation of all property in the State, and their assessment will be the basis for assessment by county boards, and the taxpayer from the decision of the boards. What these boards say is final according to the measures now before the legislature.

Another bill related to the above measures regulates the appropriation to schools. In other words, as a penalty for not making the assessment according to the State board's appraisal, school appropriations will be paid on a ratio basis.

Heaters are flameless, creating no smoke or soot to soil woodwork, draperies or house furnishings. Would you believe that hot water—an abundant, unfailing supply of it—can be obtained today

from an electric wire? It's another modern miracle made possible by electricity. The Hotpoint and Westinghouse Electric Water Heaters have harnessed the magic of electricity to the water supply of your home to give you, day and night, unsurpassed hot water service in the modern manner.

The Hotpoint and Westinghouse Electric Water Heaters are entirely automatic. They banish forever old-fashioned "tank-patting." They do away with the uncertainty and needless expense of hot water from a furnace coil. They bring new comfort, convenience and satisfaction to your
